## Summary

This is abhiram kamini

An undergrad student pursuing my degree with a major in Artificial Intelligence and data science, I am not just a student who focuses on theoretical learning but I am someone who believes in overall development as a person with communication skills and hobbies and as an Engineer with practical knowledge.

I aim to keep learning and evolving

Technology has changed the world around us so much and it is rapidly growing we have reached to a stage where with data from our mobile phones we can predict what is going on in our whole life, I Undergrad student of AI from hyderabad a young passionate student pursuing his engineering degree in artificial intelligence is looking to gain much exposure to the real world applications to the study i am pursuing, I don't just want to learn but also apply knowledge for a better cause and help society.

## Experience

### President

KL university Hyderabad - Vachas Club

Jan 2022 - Present (5 months +)

Working as the President of the communication club at KL University Hyderabad by increasing the awareness about communication and the importance of communication among students by conducting various motivational talks and various debate events and motivating them to proceed further in increasing their communication skills and decreasing gap and making sure that they are industry ready.

### Vice President

KL University Hyderabad-Coding club

Oct 2021 - Mar 2022 (6 months)

worked on organising various fun events to increase my interest in coding for students and developing an interest in coding among many students outside academic learning.

### Freelance Graphic Designer

SunPlus Data Group, Inc.

Dec 2021 - Dec 2021 (1 month)

Worked on providing posters and logo designs for the company applications and events.

It helped me enhance my skills and work at a professional level for an esteemed organisation.

### Social Media Manager

PIL

Jul 2021 - Oct 2021 (4 months)

Worked as an intern at PIL gaming solutions as a social media manager the experience helped me a lot to improve my knowledge of social media analytics and analyse data about audience engagement and improve the reach organically.

### **Club Coordinator**

KL University Hyderabad-Coding club

Mar 2021 - Oct 2021 (8 months)

Worked as the joint secretary of the coding club at KL Hyderabad and participated in developing the coding culture here at the university through various seminars webinars and certification drives together with the club members.
